

NAU Country
A QBE Insurance Company

Simple Sales with Quicker Quotes

NAU Country's EASYquote system is a premier quoting solution in the crop insurance industry. EASYquote offers a robust engine, sleek user interface, and strategic risk management tools that will help you develop personalized coverage for everyone!

Learn more about EASYquote at:

www.naucountry.com/EASYquote

It's as easy as 1-2-3.

Quote... Apply... Submit.

Features to enhance your quoting experience:

- Work on several quotes at once, with the multiple quote tabs feature.
- Make educated decisions by using our Yield Exclusion (YE) Optimizer.
- Submit your application right from EASYquote.
- Quote Whole Farm Revenue Protection, Crop-Hail, or supplemental products.
- Utilize enhanced features including Trend Adjustment (TA) and Personal T-Yield (PTY) quoting, crop rotation, and EU/OU comparisons.
- Review detailed custom reports to visualize situational impacts on your policy.
- Present a “what if” indemnity scenario for PRF, based on historical information.
- Estimate PRF index and indemnity information for an interval that just finished.
- Access Risk Management and Marketing Plan tools.

From quoting policies to comparison reports, EASYquote has what you need to make the sale. Contact us today for a demonstration.
